## General Notes

- These notes are general in nature and are intended to set minimum standards for construction, where there is a conflict in drawings, specifications, and these notes, the more stringent shall govern.
- General and all sub-contractors shall be responsible to check and verify all dimensions and conditions on drawings and in the field before preceeding with and work, report any discrepancies to owner/builder as soon as possible for resolution before preceeding.
- General contractor will be responsible for providing all work and materials in conformance with all federal, state, county, and local codes.
- General contractor will be responsible for all labor, material, equipment and other items necessary for the completion of all work shown, called for, or reasonably implied by the contract documents except where specifically noted otherwise.
- Dimensions take precedence over scale and shall be verified on the field prior to commencement of work.
